

Spring & Summer

Lip care

jane iredale - Lip Drink (SPF-15)

This colorless lip balm has the flavor of lemon and orange oils, feels moist on the lips and contains the antioxidants of green tea extract, Vitamin E and Vitamin C. Macadamia nut oil is the base for this moisture-rich drink for your lips. Contains active sunscreen ingredient zinc oxide, for SPF-15 broad spectrum protection. No petroleum-derived ingredients to dry lips.

jane iredale FOR MEN - H\E® Lip Balm (SPF-15)

Relieves and protects dry, chapped lips with a zesty lemon scent. No chemical sunscreens – just zinc oxide for SPF-15 protection. Moisturizes lips on contact. Soothes and protects in one step.

NeoStrata Lip Conditioner (SPF-15)

Moisturize and condition dry, cracked lips to make them appear smoother and feel softer, while protecting against sun damage. Contains the polyhydroxy acid gluconolactone which provides anti-aging benefits as well as SPF-15 with UVA/UVB broad spectrum sunscreen.
